Dr. Sheldon C. Sommers  
The Council for Tobacco Research-USA, Inc.  
900 Third Ave.  
New York, NY 10022

*cl # 23765-  
9/13/84*

Dear Dr. Sommers:

Thank you for your letter of Sept. 5th. By all indications, the symposium in Miami went very well indeed; attendance was in the range of ca. 100-130. This is particularly noteworthy since over-all attendance to the meeting was very low and a number of courses and symposia had to be cancelled. As discussed, the sponsorship and support of the Council were duly acknowledged.

With regard to expenditures, I spoke with Juan Lechago, and he will send you directly the pertinent material of his own expenses. The part of the bill pertaining to Julia Polak will most likely reach you via my office within a couple of weeks. With regard to my own expenditures, and should you budget permit it, I would appreciate a refund of \$ 600.00. This figure includes part of the ticket and the hotel for one day. I expect to receive funds for the remaining expenditures from other sources.

I am looking forward to seeing you here later this month. Of course I would hope that you will bring along the material on AIDS-GI for an appropriate lecture.

I will try to establish contact per phone to finalize details pertaining to your visit. Meanwhile, with best regards, I am,
